

## **NANJING MUNICIPAL GOVERNMENT DEPLOYS E-SIGNATURE AND INPUT SOLUTIONS FROM CIC CHINA**

**Redwood Shores, CA, November 1, 2002** - (NASDAQ:CICI) Communication Intelligence Corporation ("CIC"), the leader in electronic signature, biometric verification and natural input solutions, announced today that its 90% owned joint venture Communication Intelligence Computer Corporation, Ltd. ("CICC"), has signed an agreement for its InkTools®, biometric electronic signature and office automation tools with the Nanjing Municipal Government in China.

The Nanjing Municipal Government is the leading government organization responsible for management, planning and economic development for the Nanjing area which has a population of approximately 6 million people. As part of a larger project to improve the bureau's Office Automation ("OA") solutions, it has completed implementation of CICC's Inktools product for; Chinese handwriting recognition, document annotation, handwritten email, biometric signature verification and electronic signatures in place of the traditional 'chops or seals'.

"It is imperative that government and businesses in China utilize the latest in technologies to support our rapidly growing economy and infrastructure. Our decision to use CICC's applications is a major step toward achieving our goals of improving administrative efficiency and individual productivity as part of our OA systems upgrade," stated a representative of Nanjing Municipal Government. "The enhancements CICC's product provides to the standard office application environment will enable us to provide our users with a significant improvement in the user experience with even greater improvements in application security. We are pleased to be working with CICC to accomplish these objectives."

"We are delighted to establish a relationship with the Nanjing Municipal Government," commented Arthur Ding, Director, Software Sales for CICC. "This relationship provides both new business for CICC as well as an opportunity to support our local government's technology development during this tremendous growth period in China. The government sector continues to be a significant market for CICC and our ongoing focus on this segment is fundamental to our business development."

CICC is a joint venture between CIC and the Jiangsu Hongtu Electronics Group Co., Ltd. For more information about CIC, CICC or our products, visit our website at <http://www.cic.com>.
